Campus Map & Surrounding Area Layout

CLASSROOM A/B

The Classroom has 2 mobile audio racks that link to wall mounted speakers dedicated to each side of the Classroom via the breakout panels in each side so as to be split into 2 separate rooms with independent sound. There is a 200amp 3 phase company switch located in the northwest corner of the room.

Dance Rehearsal Hall

The Dance Studio has a 200 amp 3 phase panel located against the west wall, and a mobile audio rack with a mixer, wireless microphone and playback attachments for cell phone, tablet or laptops.

The north wall is covered in floor to ceiling mirrors from door to door. Permanent barres are installed along the east wall. A 40' wide marley floor is available.

Equipment

- (1) Upright piano
- (8) Mobile ballet barres, 36"- 48" adjustable height
- (1) Crest 2 channel amp with Mixer System and Ceiling speaker tie in .
- (4) Behringer powered speakers on stands with Aclon Subwoofers
- (1) Shure ULF wireless lavalier microphone

Note: Pianos may be tuned by house piano tuner only.

Crown Dance Studio A

Theatre Lab A has a mobile audio rack with a mixer, wireless microphone and playback attachments for cell phone, tablet or laptops.

This room also has an Upright Piano, Rolling Mirrors and 4 Ballet Bars and a Marley Floor.

Note: Pianos may be tuned by house piano tuner only.

Andrea and Charles Bronfman Music Rehearsal Studio A

Muriel and Norman B Leventhal Music Rehearsal Studio B

- 1 - 9' Steinway Concert Grand Model C
- 1 - 6' Yamaha Concert Grand C3F
- 1 - Studio Yamaha upright piano

TRUCK, BUS AND CAR PARKING

Long term truck and bus parking must be prearranged with KCPA Technical Director. Car parking is available in the garage at no charge. Garage maximum height is 6'10".

LOADING DOCK

The Loading Dock is located off of Tamarind Avenue on the west side of the building. There is one bay with a load leveler. The loading dock is 4' high with approximately 350 square feet of receiving area. The loading dock doors are 6' wide (5' 1" usable) X 8' high. The freight elevator is located just inside the loading dock doors on the left hand side. The freight elevator is 6' wide x 8' high x 10'-6" deep with a total load capacity of 6000 pounds. The freight elevator has landings on the Banquet level, Mezzanine level, Education level and the Administrative level.
